

ABHIJIT PATTANAIAK

STUDENT

- * 3+ year experience in coding in JAVA.
- * 2nd Year Artificial Intelligence student at Dayananda Sagar College Of Engineering.

PERSONAL PROJECTS

INSTAGRAM CLONE

- Designed and developed an Instagram Clone using ReactJS
- with features exactly like INSTAGRAM
- Used react libraries like react router dom to navigate through the ReactJS app
- Used MaterialUi library for styled icons and fonts in the website and use flexbox for making the react app fully responsive.
- Used reactJs hooks like useState,useEffect and react context api for giving the dynamic nature to the app
- Connected app to firebase and used firebase features like firebase authentication for authentication of user by email and password

NEWS - APP

- created a News app using ReactJS
- used api keys to get contents for the app
- app shows the current news of different category that includes - (sports , business , national affairs.)
